

Pelvic Nerve Manual Assessment and Treatment

Please bring:

- 1) . A 10 pack of Crayola Markers
- 2) . A pink, and blue, and yellow highlighter.
- 3) . Small post it tabs or post it notes
- 4) . Your copy of Gray's Anatomy for students:. We will be working from the third edition

Please have the exact marker colors, as we will be using them to map nerves, and we will all want the same colors.

Please do the following pre-study. This class is very dense. By learning some of the anatomy ahead of time, we will be able to focus more on the manual/tactile learning in class.

Please make sure to bring your Gray's Anatomy for Students. We will use it during class. Please thoroughly study pages (third edition):

1. 394-404
2. 409
3. 263 & 264
4. 106-110
5. 59-60
6. 24-25

The article below will be very helpful in discussions we will have in class and will prepare students to start learning. Please read this free, full text
